"TOWN AND COUNTRY"

VOL. 8.

Your House Needs Painting Badly,

Not only because it looks dingy and rusty, but for the more important reason that, it wants protection from the weather. With this Paint, FOR A SMALL SUM, you can Protect and Beautify your house, making it Attractive and Inviting.

The Town and Country Ready Mixed Paints are prepared from pure white lead, pure Oxide of Zine, and the finest and strongest coloring material obtainable, mixed with prepared Linseed Oil, which dries with a gloss and durability unattainable by the same materials mixed in the ordinary manner.

Lead and Zine, mixed in this way, are not affected by changes of temperature, will not crack, blister, peel, flake or chalk, and will always dry with the highest possible polish. They are warranted to stand under all exposure, and will form a perfectly water-proof covering, very clastic and beautiful. They will work freely under the brush, and may be applied by the most inexperienced person when the directions are followed, though the employment of regular painters is advised when obtainable.

This Paint is glways keady for use without the inconvenience or expense of any additional material.

One Gallon will Cover 200 to 250 Square Feet -Two Coats.

Call and get a circular giving all desired information in regard to the

#### A Detailed Account of the Horrors of the Burning of the Southern Belle, New Orleans, October 11.—James P. McElroy, captain, and J. Libans, clerk of the burned steamer Southern Belle, with several of the crew, arrived here today by rail from Donaldsonville, Capt. McElroy is considerably scorched. Mr. Libans, who narrowly escaped, says that when the boat landed at Mrs. Marrine-aux's to take that lady on board I went DR. C. MCLANE'S LIVER PILLS. FOR THE CURE OF

aux's to take that lady on board I went and escorted her back into the ladies'

cabin. At this time the boat was back

ing out from the landing. I went to the office to get the key of the stateroom for Mrs. Marrineaux, and on returning gave it to her, she met me half way in the

cabin and said the boat was on fire, and to

cabin and said the boat was on fire, and to take her off. I saw smoke coming up through the carpets and through the staterooms amidships, and told her that the boat was landing and to go ashore, as I was then engaged in breaking in stateroom doors to wake passengers. After doing this I ran to my room to awake young Willie Greathouse, who slept in the same room. Who I thought I had wakened him I ran to the office.

I had wakened him I ran to the office,

where my books and papers were, with a view to saving them it possible. Af-ter a moment I looked around and did not see young Greathouse, and immedately

running back again succeeded in bring-

ing him out of the room and told him to go ashore, after which I returned to the oilice a second time, and was in the act

of trying to recover a small amount of

cash in the drawer when the flames had

nearly surrounded me, and I was forced to leave my books, and other valuables to

the flames. I then rushed out of the office, found that the stairs were in a full

blaze, and jumped from the boiler deck on to a tier of cotton on the guard, and

from that on to the stage and to shore,

where, on turning around to look at the boat, I saw that she was one burning mass

from stem to stern. The boat's books and papers were all burned; in fact,

everything except what was in the safe. The Belle had 800 bales of cotton on board and 1500 sacks of seed. The fol-

lowing additional are known to be lost:

A Catholic priest, name unknown, from Bayou Sara; A. C. Grifflth, George Thomas, chief steward, from Louisville,

Thomas, chief steward, from Louisville, Ky.; Gus Davis, hall tender; Carter Roan, guard tender of the cabin, and Louis Thorne, texas tender. The four last named jumped overboard and were drowned, while Mr. Von Phul, Droz. Griffith and the priest are said to have perished in the flames.

CENTENNIAL EXHIBITION

This great International Exhibition, de-

signed to commemorate the one hundredth anniversary of American Independence, opened May 10th, and will close November 10th, 1876. All the nations of the world and all the states and territories of the Un-

ion are participating in this wonderful de-

omprehensive collection of art treasures,

mechanical inventions, scientific discover-

eries, manufacturing achievements, miner-

al specimens, and agricultural products ever exhibited. The grounds devoted to

the exhibition are situated on the line of

the l'enusylvania Railroad and embrace 450 acres of Farmount Park, all highly inserted the largest buildings ever constructed—five of these covering au area. In the local number of buildings erected for the puracres and costing \$5,000,000. The total number of buildings erected for the puracres.

poses of the exhibition is near two hun-dred. During the thirts days immediately

following the opening of the exhibition a million and a quarter of people visited it.

Hepatitis or Liver Complaint,

DYSPERSIA AND SICK HEADACHE. Symptoms of a Diseased Liver. PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax : the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. 1 The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedv. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

#### **ARMSTRONG'S** Lincoln Butter Powder

Good Fresh Butter all the Year Roun BUTTER IN 20 MINUTES.

Lincoln Butter Powder is an entirely harmless article made from a celebrated English recipe, and now in daily use by many of the most noted farmers in the butter counties around Philadelphia.

In hot weather this Powder makes butter much firmer and sweeter than it usually is, and keeps it from turning rancid. It also removes the strong flavor of turnips, garlle, weeds, corn stalks, cotton seed, etc.; and the increased yield of butter much more than pays the trifling expense of using it.
